ARCHERY IN CISM

1. The list of **World level** sports includes **military, team and individual sports**.
2. The list will be maintained at CISM HQ and **reviewed on a 4 year cycle**, based on the year of the MWG.
3. The list of Continental level sports will also be maintained at CISM HQ for tracking purposes only. The list of Regional level sports will be maintained at the Continental level (VP office).
4. **In order to be listed as a World level sport**, there is a requirement for the minimum participation of **eight (8) nations for men and/or four (4) for women from at least two (2) continents**. In addition, **the sport must conduct 2 World level championships within the 4 year cycle (including MWG)**.
5. **New sports may be added at the World level if they are able to demonstrate their ability to meet the above requirements through the hosting of continental/invitational championships**.

CISM

Proposal to the BoD from the Neighbors meeting in Slovenia 2015

5. BoD with support from Sport Commission and PCSC's should establish transparent cycle of military world championship in the period between the CISM world games. Each CISM sport (it can be different) should have a cycle of organization (1, 2 or 4 years).

Explanation: This would allow CISM and member nations to have consistent and transparent world calendar similar to other sports organisations.

Possibility to create an organization matrix for PCSC's and organizers → long term planning and less sports in difficulty to find organizers.

CISM

Rotation/periodicity of the MWC

CONCEPT

The idea was to reduce and to downsize our calendar, introducing a planning (which MWCs in the different years) instead of the traditional “open candidature”.

It should be important also because the emergency affects our budget and this rearrangement can give our members the opportunity to optimize the resources in terms of organization and participation.

We established a panel of discussion involving all the concerned people

The **SC and BoD advise was positive.**

The **PCSC didn't support** the proposal nor any kind of rearrangement, so **the issue has been abandoned.**

Record of Decisions CISM BoD meeting 2015/1, Brussels, 25-28 February 2015

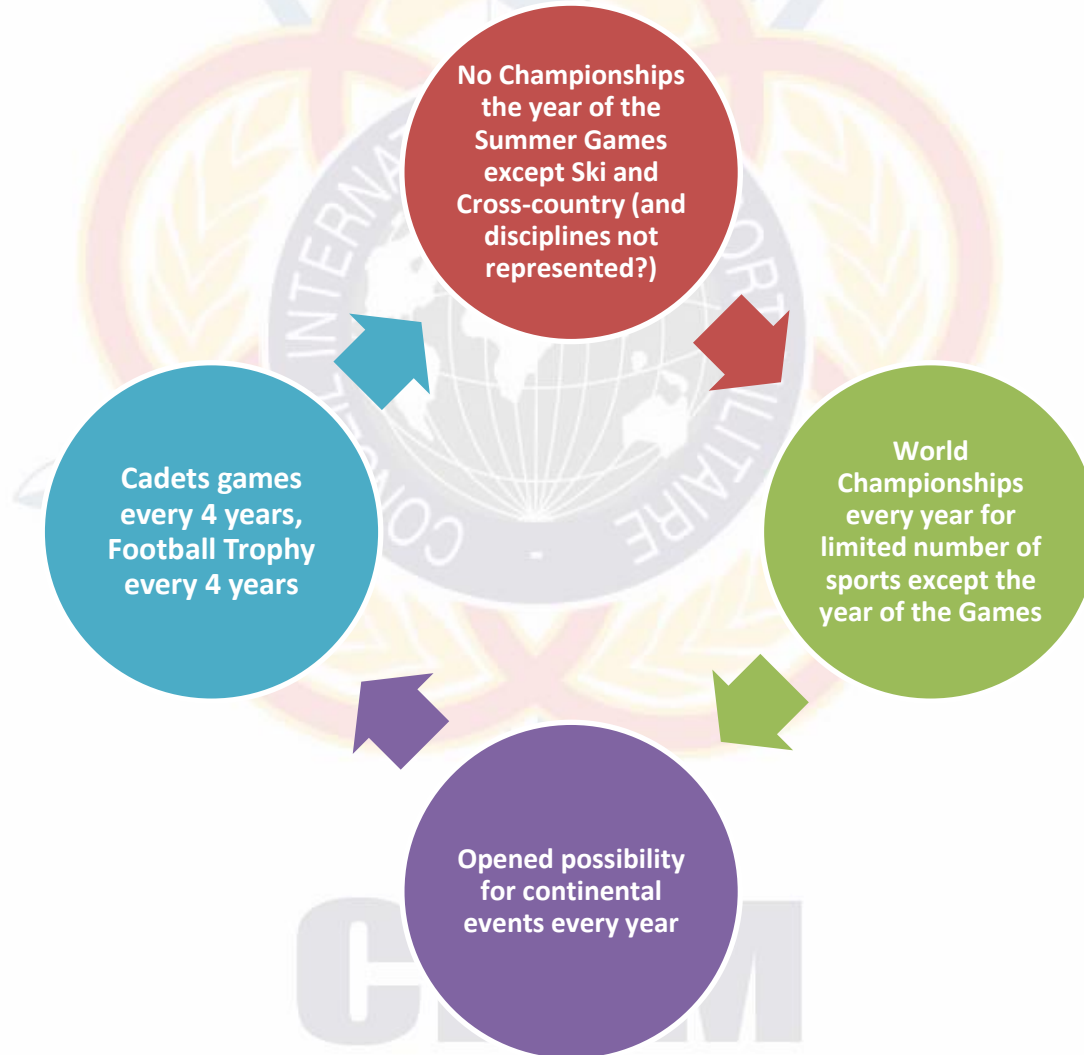

As consequence of the PCSC meeting on 23- 25 February, took the following decisions:

- ...
-
- The project to establish a cycle of competitions for the CISM World Championships **is cancelled**

CISM Combat Games project Overviews

- Proposal presented by the PCSCs Combat sports
- The idea is to have an international [multi-sport event](#) featuring [combat sports](#) and [martial arts](#).
- The frame should be the same initiated by [SportAccord](#), where fifteen [Olympic](#) and non-Olympic sports are currently on the program;
- Possibility to share experiences and to involve also other disciplines that often ask for entering in our sport program ([aikido](#), [ju-jitsu](#), [karate](#), [kickboxing](#), [sambo](#), [savate](#), etc.);
- Every four years, in the middle of MWGs (1st edition 2017)
- Also Fencing is included
- Possibility to have a collateral cultural program that reflects the ancient traditions and values of martial arts as well as their contribution to modern society.
- The PCSC of Taekwondo is the PO of the event

6TH CISM WORLD GAMES DEBRIEFING

MUNGYEONG KOREA 2015
6th CISM World Games

CISM

WUHAN
2019

CISM

Organization Details

- The CISM WG Debriefing is organized not later than three (3) months after the conclusion of the previous CISM WG.
- In case the Org Com did not manage to provide its report, it shall be organized max 45 days after the OC report reached the CISM HQ.
- It is organized as a 3-5 days seminar
- The CISM WG Debriefing shall be preferably organized in the next CISM MWG organizers country to maximize the local impact.
- The next CISM Organizers country is responsible for ensuring the adequate meeting facilities and hosting conditions, but the content of the presentations and the program of the lectures are defined in partnership between CISM WGPO and the organizers of the just concluded CISM WG.

CISM

Participants

- The participants must be of an appropriate level of authority in their respective areas of responsibilities to have the ability to share their driving policies and management policies with other participants. Nevertheless, the participation of more field-experts and technical managers should not be underestimated since their added value is considerable.
- There are basically 3 categories of participants in the CISM Game Debriefing having each a particular role and specific responsibilities:
 1. The representatives of CISM
 2. The representatives of the just concluded Games
 3. The members of the host nation of the next Games

CISM

Participants representing CISM

- Representatives of CISM: President, Project Officer of all CISM Games (Summer, winter and cadets), Sports Director, President Sports Commission, Solidarity Officer, **selected PCSC representing each “type of sports”** will be invited.
 - The main role of the CISM authorities is to recall the CISM general policy, regulations and expectancy from its Games while defining the various elements of its policy aiming these objectives.
 - The secondary role of this is linked to the definition of the protocol activities embedded in the World Games

PCSC Winter Meeting

Re-established in 2015 after 4 years of interruption

Good impact and atmosphere, important *stock of the situation* about sports issues, positive outcome

Evaluation that Brussels should be the best solution, in order to fix a “standard” meeting annually

Idea to open the candidature to host the event in a different place, if it respects the timing (period and duration) and if it is convenient for the participants

2016/2017 meeting candidate?
